A reader's theater presentation of

Love Letters

Love Letters is a unique and imaginative theater piece which, in the words of the author, "...is comprised of letters exchanged over a lifetime between two people who grew up together, went their separate ways, but continued to share confidences. As the actors read the letters aloud, what is created is an evocative, touching, frequently funny but always telling pair of character studies..."

A different pair of actors will perform at each show. Check the Indiana Players' website for cast information and other details. www.indianaplayers.com
